How many beds in your home really invite sleep

CONSIDERING how the average bed is selected—it is a wonder people sleep so well as they

There is the bed bought to "match" the rest of the furniture.

And the bed that "has always been in the family."

And the metal bed bought for its sanitary quality - or because "a cheap bed will do for the children."

Never a thought about sleep. So there are many people who never get wholly relaxed. Always just a little disturbed by rattle, creak or feeling of unsteadiness. Never completely rested.
